

FY 2018 Great Lakes Geologic Mapping Coalition Projects

State Geological Survey	Project Title	PI	Funding Amount
Illinois Geological Survey	Three-dimensional mapping of surficial deposits in Will County and offshore Lake County, Illinois	Brandon Curry	\$95,000
Indiana Geological Survey	Surficial geologic mapping in Morgan County, IN, and digital, three-dimensional stratigraphy of glacial deposits in Northern Indiana	Henry Loope	\$90,000
Michigan Geological Survey	Surficial geologic mapping in Cass County, MI	John Yellich	\$68,800
Minnesota Geological Survey	2018/2019 Progress on Statewide Quaternary 3D Geologic Mapping in MN	Barbara Lusardi	\$72,300
New York Geological Survey	Three-dimensional geologic framework mapping in central NY	Andrew Kozlowski	\$44,970
Ohio Geological Survey	Karst interactive map, Late Pleistocene environmental conditions of central Ohio, and surficial mapping	James Stucker	\$89,900
Pennsylvania Geological Survey	Digital bedrock topographic, drift thickness, and 3-D surficial geologic maps of the glaciated counties of northwestern Pennsylvania	Stuart Reese	\$20,000
Wisconsin Geological Survey	1:100,000 scale quaternary mapping of the Superior Region	J. Elmo Rawling	\$60,000
